	4v4 RALLYBALL
Court Size	7m x 14m or as close as the facility has available. Badminton doubles court
Net Height	2.15 Girls, 2.2 Boys/Co-Ed
Specialization	None
Playing Regulations	Players not on the court must rotate into the game upon completion of the Tripleball sequence that follows their serve. For example: Player A serves the ball and stays on court for the following 2 free balls to complete the Tripleball sequence. Once that sequence is complete, Player A rotates out of the court and player B takes their place on the court. All team members must play in each set. The only exception to this rule is if a team has more than 10 players on their roster, in which case they can be split into two groups who each participate in a single set. If the match goes to a third set tiebreaker, the coach can play one of the groups a second time in the match. - Teams can use a diamond or square (2 front, 2 back) defensive formation. (See below diagram) - Teams must designate the setter position and maintain it for the whole set. The designated setting position must be front row. NOTE: The server is always the player who has just rotated from the front row to the back row. Example in box formation: the player who was just in the front row right side position (#1 in the diagram below) will be the server once they complete a rotation. Example in diamond formation: the player who was just in the front row middle (#2 in the diagram below) and is rotating to the position on the right is now the server. - The player(s) in the backcourt (serve receiver/server) are permitted to attack from anywhere on the court Front Row Back Row  SQUARE Front Row Back Row  DIAMOND

	6V6 RALLYBALL
Playing Regulations	<i>The goal of Tripleball is to promote better skill development, participation, meaningful competition, and fun.</i> Overview of the Tripleball Sequence: - a). The game follows a sequence of three rallies (service, tossed ball 1, tossed ball 2). * 1st rally – introduced by the server * 2nd rally – tossed ball given to the receiving team * 3rd rally – tossed ball given to the serving team - b). The service rotates between teams after each three-ball sequence. - c). A team must rotate and introduce a new server when it is their turn to serve. - d). Every ball introduced is worth one point. 6v6 Rallyball Rules - a). Requests for substitutions can only occur between a three-ball sequence - b). In the deciding set, teams switch sides once a team reaches 8 points. If this occurs during a three-ball sequence, then the change of court will be made after the sequence is completed. - c). Teams are required to declare on the scoresheet a designated setter position on the court prior to the start of each set. Example: if a team circles position 3 on their lineup, the athlete in position 3 is the “setter” throughout that set. Rule Clarification – the setter is allowed to come out of position #1, #2 or #3. The setter position must remain the same for the entire set. Other players are permitted to perform the second contact if needed, but it is up to the official’s discretion to issue a warning to the team if they feel that the team is not using their designated setter position properly. Further discipline is possible if the team refuses to follow this rule. - d). The free ball toss is to occur when the three front row athletes are standing at the net and ready to transition. Once there is a verbal/non-verbal cue (tosses can say “Free Ball” or slap the volleyball), athletes are permitted to transition off the net. - e). The freeball introduction toss can be directed to position 5 or 6. The toss must be consistent each match. - f). Free balls must be received with a forearm pass, otherwise a replay will occur. - g). An overpass from the free ball toss is not a re-toss. Play continues. - h). When serving, players cannot switch positions after the serve. Players must remain in their rotational order until the ball crosses back to their side of the net. Once the ball crosses back over to their side, normal volleyball movement is allowed during the play, but players must comeback to their rotational order once the ball is sent to the other side of the net. - i). When in serve reception, the players’ serve reception configuration needs to be the same throughout the set along with the designated setter position. Common Misinterpretations of the Rule: Teams can isolate players in serve reception in certain rotations FALSE: Teams need to keep the same serve-reception configuration through the whole set. A position can be isolated (ex. Athlete in position 1), but that position needs to be consistently isolated throughout the set. - j). To improve the follow of the game, it is recommended that each team provide a ball retriever who collects the balls from athletes at the end of a rally. Please remain a safe distance from the court during play. Continued on next page ...

	6V6 RALLYBALL
Playing Regulations (continued)	Guidelines for Tossers: 1. The Head Coach, Assistant Coach or a competent volunteer may be the Tosser and introduce balls to their own team. 2. Balls are tossed underhand with two hands, with little to no spin and above the height of the antennae to allow athletes time to play the ball. 3. The Tosser can step into the court to introduce the ball but must immediately move a safe distance away from the court after the toss. 4. The free ball will be introduced directly to the athlete in position 5 or 6, otherwise a replay will occur. 5. The free ball will be introduced when the front row players are at the net and ready to transition; the Tosser verbally cues the athletes by calling "Free Ball". Tossers encourage a fast-paced transition between an end of a rally and the next toss.
