

Note: Please check Volleyball Canada's National Championship Competition Manual for Fair Play rules as they may differ from the above.

Compliance Procedure: The head coach must submit a standard roster form at the first match of the day. This roster will be used for the duration of the day. The same roster sheet must be used for ALL matches. The verification by the scorekeeper and 1st official will be conducted for all matches. If a player is unable to play, it must be noted on the score sheet.

Please check Volleyball Canada's National Championship Competition Manual for Fair Play rules as they may differ from the above.

6.8 4v4 Rallyball Playing Regulations

- Players not on the court must rotate into the game upon completion of the Tripleball sequence that follows their serve. For example: Player A serves the ball and stays on court for the following 2 free balls to complete the Tripleball sequence. Once that sequence is complete, Player A rotates out of the court and player B takes their place on the court.
- All team members must play in each set. The only exception to this rule is if a team has more than 10 players on their roster, in which case they can be split into two groups who each participate in a single set. If the match goes to a third set tiebreaker, the coach can play one of the groups a second time in the match.
- Systems of Play:
 - Teams must designate the setter position and maintain it for the whole set. The designated setting position must be front row.
 - The player(s) in the back court (serve receiver/server) are permitted to attack from anywhere on the court.
 - Teams can use a diamond or square (2 front, 2 back) defensive formation.
 - NOTE: The server is always the player who has just rotated from the front row to the back row.
 - Example in box formation: the player who was just in the front row right side position will be the server once they complete a rotation.
 - Example in diamond formation: the player who was just in the front row middle (#2 in the diagram below) and is rotating to the position on the right is now the server.
 - First Serve Clarification:
 - If Team A serves first in set 1, then Team B serves first in set 2, and Team A serves first in set 3. This means the first serve in a new set is always given to the team that did not serve first in the previous set.

For more information and full playing regulations on 4v4 Rallyball, please visit the Early Contact Initiative section of the OVA Website located [HERE](#).

- Introduction of Ranking for 4v4 Rallyball
 - There will be a team ranking posted after the 4th and final event prior to the Ontario Championships (Bugarski Cup Rankings). This change has been introduced to increase scheduling options and ensure competitive balance during the Ontario Championships.
 - The focus of the Bugarski Cup will continue to be developmental, and there will be no play-offs and no medals. The rankings posted after the Bugarski Cup will be used to seed the Ontario Championship 4v4 Rallyball divisions and will be based on a team's set ratio from the Bugarski Cup ONLY.
 - 4v4G teams will self-declare into Division 1 or Division 2, and a team's set ratio from the Bugarski Cup will seed teams within each Division. The self-declare deadline for 4v4G is 11:59 p.m. on Monday, February 16. A link will be sent to all teams in early February.
 - A team's set ratio from the Bugarski Cup will be used as a secondary criterion to adjust a team's self-declare option (If needed) to ensure the correct number of teams are placed in each Division.
 - Division 1 and Division 2 will both be tiered into smaller playoff brackets on Day 2 to maximize competitive balance.
 - If a 4v4 team participating in the Ontario Championships does not participate in the 4v4 Bugarski Cup, they will be seeded last in their Ontario Championships.

6.9 6v6 Rallyball Playing Regulations

The goal of Tripleball is to promote better skill development, participation, meaningful competition, and fun.

Overview of the Tripleball Sequence:

- a) The game follows a sequence of three rallies (service, tossed ball 1, tossed ball 2).
 - * 1st rally – introduced by the server
 - * 2nd rally – tossed ball given to the receiving team
 - * 3rd rally – tossed ball given to the serving team
- b) The service rotates between teams after each three-ball sequence.
- c) A team must rotate and introduce a new server when it is their turn to serve.
- d) Every ball introduced is worth one point.

Ball Retriever A

6v6 Rallyball Rules

- Requests for substitutions can only occur between a three-ball sequence
- In the deciding set, teams switch sides once a team reaches 8 points (if side switching is needed on the court due to an unfair advantage). If this occurs during a three-ball sequence, then the change of court will be made after the sequence is completed.
- Teams are required to declare on the scoresheet a designated setter position on the court prior to the start of each set.
 - Example: if a team circles position 3 on their lineup, the athlete in position 3 is the "setter" throughout that set.
 - Rule Clarification – the setter is allowed to come out of position #1, #2, or #3. The setter position must remain the same for the entire set.
 - Other players are permitted to perform the second contact if needed, but it is up to the official's discretion to issue a warning to the team if they feel that the team is not using their designated setter position properly. Further discipline is possible if the team refuses to follow this rule.
- The free ball toss occurs when the three front row athletes are standing at the net and ready to transition. Once there is a verbal/non-verbal cue (tosser can say "Free Ball" or slap the volleyball), athletes are permitted to transition off the net.
- The freeball introduction toss can be directed to position 5 or 6. The toss must be consistent in each match.
- Free balls must be received with a forearm pass, otherwise a replay will occur.
- An overpass from the free ball toss is not a re-toss. Play continues.
- When serving, players cannot switch positions after the serve. Players must remain in their rotational order until the ball crosses back to their side of the net. Once the ball crosses back over to their side, normal volleyball movement is allowed during the play, but players must come back to their rotational order once the ball is sent to the other side of the net.

- i) When in serve reception, the players' serve reception configuration needs to be the same throughout the set along with the designated setter position.
 - o Common Misinterpretations of the Rule: Teams can isolate players in serve reception in certain rotations
 - FALSE: Teams need to keep the same serve-reception configuration throughout the whole set. A position can be isolated (ex. Athlete in position 1), but that position needs to be consistently isolated throughout the set.
- j) To improve the flow of the game, it is recommended that each team provide a ball retriever who collects the balls from athletes at the end of a rally. Please remain at a safe distance from the court during play.

Guidelines for Tossers:

- a) The Head Coach, Assistant Coach or a competent volunteer may be the Tosser and introduce balls to their own team. To clarify, the Tosser is not allowed to "verbally coach while tossing" even if they are a HC or AC.
- b) Balls are tossed underhand with two hands, with little to no spin and above the height of the antennae to allow athletes time to play the ball.
- c) The Tosser can step into the court to introduce the ball but must immediately move a safe distance away from the court after the toss.
- d) The free ball will be introduced directly to the athlete in position 5 or 6, otherwise a replay will occur.
- e) The free ball will be introduced when the front row players are at the net and ready to transition; the Tosser verbally cues the athletes by calling "Free Ball". Tossers encourage a fast-paced transition between the end of a rally and the next toss.

6v6 Rallyball Reminders

- o The 6v6 regular season tier structure is set up with a developmental focus. The goal of this division is to prepare teams for the Traditional Limited Specialized (TLS) division. If you are a very strong 6v6 team and are not finding the 6v6 level of competition meaningful, your team should strongly consider moving to TLS. This will not only improve your team's meaningful competition but also the competitive balance for the remaining teams in 6v6.
 - o A team is not required to play in all four (4) tournaments within Early Contact Initiative (ECI) age categories. They may begin the season in one category and progress into another. Teams are only required to participate in 2 events within the same division they are registered for the Ontario Championships to qualify.

6.10 TLS: Event #1 and Event #2: All Position Events

The first and second events in TLS will be all-position events, which means the rotational order of the players needs to be respected.

- No specialization is allowed.
 - o Everyone plays in each position.
 - o The designated setting position needs to be noted on the scoresheet at the beginning of each set by the head coach. Each player will become the designated setter when they are in that position.
 - Rule Clarification – the setter is allowed to come out of position #1, #2, or #3. The setter position must remain the same for the entire set.
 - Ex: The Spikers have their designated setter in position 2 while the Rockets have their designated setter in position 3.
